ThinManager®

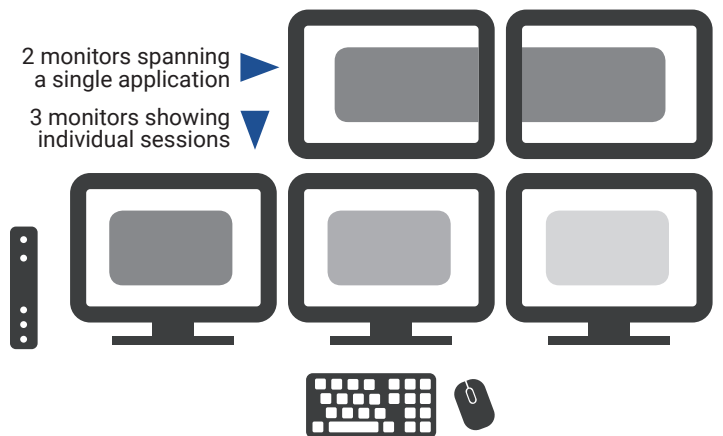

MULTI MONITOR

Customize every screen to display your content in any layout you wish.

ThinManager provides several features for delivering content in a customizable format.

Increase visualization and expand your view by displaying individual applications on their own monitor or span large applications across several monitors through a single terminal.

MULTIMONITOR

MultiMonitor allows to display up to five monitors on a single thin client*. MultiMonitor can be used to span sessions across monitors and/or run individual or multiple sessions on each monitor. Touchscreens are also supported.

MultiMonitor supports spanned resolutions up to 8192 x 8192 with 64K colors for MS Server 2012 and newer. MS Server 2008 and prior are limited to a spanned resolution of 4096 x 2048.

* Appropriate hardware required.
