GET NOTIFIED
with ThinManager®

Choose from a variety of features to keep everyone informed.

ThinManager provides multiple ways to notify administrators and users when certain events are executed within the ThinManager network.

Send emails from the ThinManager system directly to your authenticated email systems.

Important notifications can also be sent directly to an employee's mobile device.

AUTHENTICATED EMAIL
Authenticated email allows emails to be sent directly from corporate mail servers without the use of a proxy server.

SMS MESSAGES
SMS allows text messages to be sent to users' mobile devices for instant insight into operational events.

TERMINAL MESSAGES
Messages can also be sent directly from ThinManager to any terminal for real-time notifications to operators.

REPORTING
Reporting allows historical documentation of every device, user and location that is managed within a ThinManager environment. Reports can be scheduled and sent at regular intervals if needed.
