# MOBILE APPS

Being mobile means being more productive.

Run existing applications through a mobile tablet without writing code.

**ThinManager® has created a tool for mobility that allows users to connect and access their resources on the move.**

### TURN YOUR MOBILE TABLET INTO A THIN CLIENT

ThinManager provides a client app for iOS and Android devices allowing them to operate as thin client devices. ThinManager's iTMC and aTMC let you deliver existing content to mobile devices. Use your HMIs and other applications on the move without writing any code.

*Enjoy a truly mobile thin client device.*

**iTMC** and **aTMC** supports popular ThinManager features like:

- Relevance for Users
- The new Relevance location-based mobile platform
- ActiveX Control
- Bar Code Scanning
- MultiSession
- Client to Client Shadowing
- Instant Failover
- Full Display Client overrides (Resolution, Login, Color Depth, etc).
- Disabling of Terminal Servers
- Full range of function keys, special keys (e.g. control, alt, F1, F2, etc).
- Custom background settings for company logo, etc.

**WinTMC** ThinManager's Windows® client application, can be used with tablets running full Windows10 or higher to create a thin mobile experience on a Surface Pro tablet or other Windows10 enabled device.
